RE: Recommended Appointments to the HFP Advisory Panel

The HFP Advisory Panel has six vacancies which MRMIB staff has advertised. The Board received applications for four of the vacancies and did not receive any applications for the two subscriber representatives. Dr. Paul Morris submitted an application however later withdrew for personal reasons. We will re-advertise the vacancy for a dentist representative and continue recruiting efforts to fill the subscriber vacancies. Listed below are the staff recommendations for three of the six vacancies.

Education Representative

Staff recommends reappointment of Jack Campana. Mr. Campana is a Senior Research Scientist at the Educational Development Center with a focus on addressing health issues in children and. Mr. Campana has over 40 years of experience in education, public administration, and school health administration. Mr. Campana is an active Advisory Panel member and Chairman.

Mental Health Care Provider

Staff recommends reappointment of William Arroyo, MD. Dr Arroyo is a child psychiatrist who works with children that are HFP subscribers. Dr. Arroyo is a governing board member of the California Mental Health Directors Association, and co-chair of its Children's System of Care Committee. Dr. Arroyo frequently works with L.A. Health Care Plan.

Health Plan Community Representative

Staff recommends the appointment of Barbara Orozco-Valdivia, MPH. Ms. Orozco-Valdivia currently works with Health Net of California State Health Programs and worked at a local plan in San Diego for five years. Ms. Orozco-Valdivia was the first to become a Master Trainer to certify CAA's in 1999 and founded one of the first CAA task force coalitions, which is now called the Community Partners for Wellness Forum in San Diego.

Janette Lopez
The California Managed Risk Medical Insurance Board
1000 G Street, Suite 450
Sacramento, CA 95814

Dear Ms. Lopez,

I read with great interest that the California Managed Risk Medical Insurance Board was seeking qualified applicants for the Healthy Families Advisory Panel representative from the health plan community for the 2008 term. I would like to submit my name for consideration at this time and I am hopeful that my qualifications and expertise will provide the panel with what is looking for in this position.

In summary, I have worked with two health plans within the past 10 years (five years with a local plan in San Diego) and currently with Health Net of California (for almost two years). I do have the knowledge of a local, one county health plan and now a statewide health and dental plan. During the interim between the plans, I worked for the California Diabetes Program for two years that is headquartered in Sacramento.

Some highlights to consider are: 1) One of the first in the state to become a Master Trainer to certify Certified Application Assistants (1999); 2) Founded one of the first Certified Application Assistant Task Forces (Forums) within the State (2000), now called the Community Partners for Wellness Forum in San Diego. It has continued for the past eight years; and 3) current planning committee member and chair of the content committee for the upcoming California Conference for Health Care Advocates slated for April 2008 in San Diego.

I would like to showcase the other opportunities I have had with the attached resume. I am hopeful that my expertise and background will match your health plan community representative position as we move forward into 2008.

Sincerely,

Barbara Orozco-Valdivia, MPH
Health Net of California
Community Relations Supervisor

BARBARA OROZCO-VALDIVIA

EXPERIENCE:

HEALTH NET OF CALIFORNIA
STATE HEALTH PROGRAMS

2006-PRESENT

Community Relations Supervisor-San Diego and Imperial

Responsible for supervising a sales team and their field activities to include joint marketing projects, health fairs, community activities, provider training, marketing compliance, business and broker outreach. Ensure teams regulatory compliance with Medi-Cal and Healthy Families products within the State. Developed a marketing plan for region that encompasses a calendar of events to ordering and developing collateral materials to meet the enrollment goals of the county. Company representative at State, county, community and provider meetings.

HEALTH NET OF CALIFORNIA
COMMUNITY PROGRAMS

2006-2006

Regional Community Programs Manager-San Diego, Inland Empire, Imperial

Develop, implement and manage community programs that increase the company's brand awareness, image and generate membership growth in all product lines. Analyze community needs and identify key community leaders, organizations and business associations that influence consumer decisions. Develop and manage strategic relationships with community leaders and stakeholders.

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO
CALIFORNIA DIABETES PROGRAM

2004-2006

Area Health Promotion Specialist-Greater San Diego Area

Work with health plans, provider groups, and health care professionals and agencies to help facilitate the adoption, development and implementation of the Programs' diabetes resources. Work with community clinics and other agencies to reduce health disparities among high-risk populations. Project lead on the Team Care Tool Kit, Be Proactive Tobacco Project and US/Mexico Diabetes Border Project.

UNIVERSITY OF CALIFORNIA SAN DIEGO, SAN DIEGO, CA

2003-2003

Immunization Management Consultant

Conducted detailed immunization assessments, audits and educational programs in providers offices to improve clinic management and to improve coverage rates.

COMMUNITY HEALTH GROUP, CHULA VISTA, CA

1998-2002

Healthy Families Product Manager

Developed and administered the Healthy Families Program for the organization to include developing an outreach plan and materials, submittal of State regulatory reports, and monitoring the products goals. Conducted Healthy Families and Medi-Cal for Children presentations and trainings to community agencies and medical providers. Assisted with the development and assessment of the Healthy Families media relations program and supervised 12 team members within the Marketing Department.

SAN DIEGO STATE UNIVERSITY FOUNDATION, SAN DIEGO, CA 1997-1998
Communicable Disease Investigator

Conducted work site investigations, education and screenings on Tuberculosis in the enforcement of public health laws, rules and regulations. Counseled patients on Tuberculosis prevention and control. Performed contact tracing on persons suspected of Tuberculosis exposure.

SAN YSIDRO HEALTH CENTER, SAN YSIDRO, CA 1993-1997
Health Education Coordinator

Developed and coordinated health education functions for four clinics with supervising six interns and one health educator. Provided direct clinic patient education on chronic diseases and nutrition to include organizing an annual immunization health fair reaching over 500 attendees. Coordinated the Continuing Medical Education program for health care providers and facilitated a monthly community cholesterol screening.

NORTH COUNTY HEALTH SERVICES, SAN MARCOS, CA 1992-1993
Health Educator

Provided family planning, HIV/STD and nutritional counseling to patients within the clinic. Developed and executed bilingual health education throughout the community.

SEATTLE INDIAN HEALTH BOARD, Seattle, WA 1990-1992
HIV/AIDS Community Educator

Provided HIV/AIDS community education presentations to the urban and tribal American Indian and Alaska Native communities throughout the State of Washington. Developed and executed the HIV/AIDS and Substance Abuse curriculum for staff.

EDUCATION:

SAN DIEGO STATE UNIVERSITY

Master Degree in Public Health, Health Promotion, December 2001

Bachelor Degree in Public Administration, August 1990

October 9, 2007

Ms. Leslie Cummings,

Please know I wish to re-apply to serve as your education member on the Healthy Families Advisory Panel effective January 1 2008. I continue to work with a number of school districts in California to improve health outcomes for children. This year I am also working with the State Department of Education convening 11 regional state meeting to address collaboration between school staff and county mental health staff.

My years as a member of the panel have been both personally and professionally rewarding. I value the work of your staff, members of the panel and I am proud to have a voice on the panel to support health access for California children.

I appreciate your consideration. I have attached my resume. If appointed I would serve as chair if chosen by the panel.

Thank you,
Jack Campana

RESUME

Campana, Jack

GENERAL BACKGROUND

My 40 years of experience has been in education, public administration, and school health administration. During the last twenty years, I have concentrated on addressing health issues with a focus on mental health to improve the lives of children and families. My experience encompasses positions both in Massachusetts and California. My current position is Senior Research Scientist at the Educational Development Center. I also serve as Chairman of the State of California Healthy Families Advisory Board and serve on the California Managed Risk Medical Insurance Board.

In June 1995 I received the Centers for Disease Control National Leadership Award for leadership in the promotion of school health programs. In March 1998 I received the California Health, Physical Education, Recreation, and Dance (CAHPERD) Health Education Award for outstanding contributions and commitment toward promoting the health of children and youth in California. In November 2003 I received the Chairman's Award (Community Health Improvement Partners) for contributions to the health and well being of children in San Diego. My wife and I have two children and two grandchildren. I enjoy traveling, being outdoors, and cooking.

EDUCATION

B.S., M.Ed., Boston State College, University of Massachusetts

Certificate of Advanced Graduate Studies, Public Administration,
San Diego State University

POSITIONS HELD

- Director, Health Services, San Diego Unified School District
- Director, Comprehensive Health, Physical Education, and Wellness,
- Health Education Consultant
- Associate Principal
- Comprehensive Employment and Training ACT (C.E.T.A.) Director
- Youth Employment and Training Director
- Specialist, Student Advocacy and Wellness, San Diego Unified School District
- Teacher

RESUME

Campana, Jack

AREAS OF MAJOR EXPERIENCE

- Directed the Health Services program for all San Diego Unified School District students
- Directed the Safe and Drug-Free Schools Act for San Diego Unified School District
- Established the Mental Health Resource Center within San Diego Unified School District
- Experienced in public speaking and writing, as well as in organizing, planning, and presiding over seminars and meetings
- Formulated a functional organization with clear lines of responsibilities
- Supervised a departmental staff in comprehensive health of over 400
- Exercised functional supervision over all cost accounting, cost estimating, and program planning
- Developed policy for training, employment, and implementation of grants totaling \$11,000,000 annually

November 21, 2007

NOV 26 2007

Lesley Cummings, Executive Director
Managed Risk Medical Insurance Board (MRMIB)
P.O. Box 2769
Sacramento, CA 95812-2769

Dear Ms. Cummings:

On behalf of the California Mental Health Directors Association (CMHDA), it is my pleasure to nominate William Arroyo, M.D. to the Healthy Families Advisory Board. Dr. Arroyo has impeccable credentials and a tremendous dedication to serving our state's most vulnerable children.

As a child psychiatrist, Dr. Arroyo has worked with children with serious emotional disturbances (SED), many of whom are Healthy Families Program (HFP) enrollees, for three decades. In addition, Dr. Arroyo has a strong working knowledge of mental health and healthcare policy and system frameworks. Dr. Arroyo is currently the Medical Director of the Child, Youth and Family Administration, Los Angeles County Department of Mental Health (LACDMH) and a Clinical Assistant Professor of Psychiatry at the University of Southern California, School of Medicine.

Dr. Arroyo has served on the Healthy Families Advisory Board for three years. In this capacity, he has served as a valuable liaison between CMHDA and the Healthy Families Advisory Board, both of which have benefited from his breadth of knowledge and experience. Since county mental health departments serve HFP children who have been determined to have a serious emotional disturbance, it is critical that an individual with clinical expertise and county mental health experience such as Dr. Arroyo continue to serve on the Healthy Families Advisory Board.

CMHDA has been extremely fortunate to have Dr. Arroyo donate his time to the myriad tasks and responsibilities governing the role of county mental health operations. As a member of CMHDA's Governing Board, Dr. Arroyo helps guide the policy direction and focus of our association, particularly the Medi-Cal Specialty Mental Health program and the Healthy Families Program. He serves

as a co-chair to our Children's System of Care Committee (CSOC) and the Multi-Association Joint Committee (MAJC). He is also an active member of our Medical Services System of Care Committee (MS-SOC) and our Legislative Committee.

In addition, Dr. Arroyo is highly respected by his colleagues and serves as a peer reviewer for the Journal of the American Academy of Child and Adolescent Psychiatry and a board examiner for the American Board of Psychiatry and Neurology. He is also the Principle Investigator of a six-year SAMHSA award to develop a system of care for young children, age birth to five years old. As a published scholar, he has written on mental health issues covering psychological trauma, psychiatric ethics, school mental health, juvenile justice and cultural competency.

Dr. Arroyo's unwavering commitment toward improving mental health care and delivery of services, speaks volumes to his character and passion for making a positive contribution on behalf of California's vulnerable children and their families. CMHDA highly recommends the re-appointment of Dr. Arroyo to the Healthy Families Advisory Board. We know that the advisory board will continue to benefit from Dr. Arroyo's steadfast dedication and continued commitment toward serving California's children enrolled in the Healthy Families Program.

If I can provide any additional information, please feel free to contact me at 916/556-3477 ext. 108.

Sincerely,

Patricia Ryan, MPA

October 29, 2007

Lesley Cummings
Executive Director
Managed Risk Medical Insurance Board
P.O. Box 2769
Sacramento, CA 95812-2769

Dear Ms. Cummings:

MRMIB Advisory Panel Membership

This communication is provided for two reasons: (1) to acknowledge the impending end (12/31/07) of my appointment to the Advisory Panel and (2) to express my interest in reappointment to the panel for another term. My interest is primarily anchored by my active participation, as a Governing Board Member of the California Mental Health Directors Association (CMHDA), and co-chair of its Children's System of Care Committee. The latter group is comprised of the lead County children's mental health representatives who are largely responsible for overseeing the operational aspects of the benefit for children with serious emotional disturbance (SED) of the Healthy Families program in their respective counties. In addition, as Medical Director of children's mental health services for Los Angeles County Department of Mental Health (LACDMH), I frequently work with L.A. Care Health Plan, the largest provider of Healthy Families services in California, in regard to the interface between L.A. Care's health service plans and mental health services provided by LACDMH.

The need for effective mental health service delivery to children and families, the obvious mismatch of available mental health resources to level of need in California communities, and opportunities to responsibly address these challenges inspires me to pursue another term on this panel.

Thank you for your consideration.

Sincerely,

William Arroyo, M.D.
Medical Director
Child, Youth and Family Program Administration
